

Jo Little, St Paul's C of E Primary, Brentford.

## One term on....

The method has been passed on and used in Year 5 and they are working really well with the boards too. They have got a lot out of them for their writing, especially the less able children.

### Using LogoVisual Thinking across the curriculum

I have used the LVT computer program, [Visual Concept](#), for my Gifted and Talented action plan.

The children have used the software too.
