

The **LVT Practitioner Accreditation Programme** is a professional development programme designed to enable leaders, facilitators and change agents to unlock potential and rapidly generate results using LVT methodology.

The LVT Practitioner Accreditation Programme involves attending a series of events at your convenience and a pace to suit your circumstances, with on-going access to guidance and support. Events take place periodically at venues around the UK. The full accredited training consists of a Foundation event, a Facilitator event and at least one Best Practice event.

To maintain Accredited LVT Practitioner status it is necessary to join the Community of Practice and attend a Best Practice event at least once in any year to demonstrate that you are using LVT effectively, and continually extend your professional capability.

The LVT Practitioner Accreditation Programme comprises:

Foundation Training

- *Ideas into action*

Attend this public one-day event to get to know how to make use of LVT. Learn the language, the core five-stage process and what tools are available. This is an event for anyone who wants to sharpen their thinking in the context of work and to make use of LVT to drive out better results.

Facilitator Training

- *Facilitating Creativity with LVT*

Learn how to best facilitate LVT processes – how to enable others to engage together in developing their ability to creatively explore issues and arrive at innovative outcomes. This further public one-day event is for managers and leaders who want to use LVT with groups. They will have attended the foundation training or be able to show they have equivalent prior experience.

Best Practice Events

- *Best Practice with LVT*

Attend Best Practice days to share learning and achievements with LVT and to seek the advice of your LVT peers. Public Best Practice events are for the benefit of people who are using LVT and want to enhance their skills and experience. Once you have attended the Foundation and Facilitator courses, contribute to one of these events to establish your Accredited LVT Practitioner status. Contribution to one of these events at least once a year is a condition of maintaining that status.

skills & processes for achieving rapid breakthroughs

Why?

If ever the time was right for a powerful and practical means of effectively engaging teams, departments and whole organisations in positive, results-focused change then its got to be now!

Who's it for?

Those whose work involves inspiring, engaging and leading others. Especially relevant for leaders, trainers, facilitators, consultants and advisors - whether in-company, in education or independent.

What do I get?

A practical and engaging method of rapidly focusing and channeling thinking towards a clear and collective outcome.

So what?

So, you can help people move rapidly to effective action.
