

Do you ever get the feeling that ready-made answers just won't work with new and emerging challenges?

Do you want to see beyond current constraints and be able to think laterally and creatively?

Do you need to achieve extraordinary results?

Who should attend

This course is for strategists, leaders, line managers, change agents and consultants across all sectors:

- Anyone who has responsibility for achieving significant breakthroughs to new levels of effectiveness
- Anyone who faces challenges that cannot be addressed by conventional thinking alone
- Anyone who wants to access the creative potential of themselves and others

What the course covers

The course is designed to impart key knowledge on a profound methodology (LVT) and how it can be practically applied in specific contexts relevant to each participant.

- The background and underpinning principles of the methodology
- Understanding and application of the core process

Benefits and outcomes from attending

- Handle complexity with clarity and conviction
- Optimise challenges and opportunities with colleagues, clients and customers
- Acquire a powerful methodology with many and varied application possibilities
- Opportunity to extend learning within a community of practice
- Fore-runner to second course on LVT Facilitation, and foundation to becoming an **Accredited LVT Practitioner**

Better Thinking in a nutshell...

This course introduces LogoVisual Thinking (LVT) - a practical, hands-on methodology for freeing up thinking and unblocking potential. The LVT process enables individuals, teams and inter-disciplinary groups to rapidly tackle pressing issues and complex problems, developing shared perspectives and novel solutions.
