

- **Do you want to encourage students to discuss their ideas and clarify their thinking?**
- **Do you want proven techniques with the scope to teach creatively and facilitate the creativity of your students?**
- **Do you want to enable students to collaborate and develop interdependence as well as independence?**

LVT in a nutshell...

LogoVisual Thinking (LVT) enables learners to make their thinking visible, with powerful results across subjects, age and abilities.

Visit www.logovisual.com for INSET's articles, case studies and examples relevant to your subject and students.

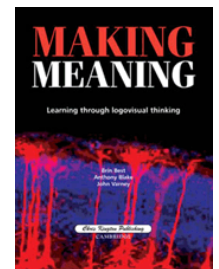

LVT Thinking Skills Guidebook

A 26 page introduction with practical applications for developing National Curriculum Thinking Skills with LVT methodology at Key stages 3 and 4
