

AV Divider

The ThinkingWall AV Divider is a double sided mobile whiteboard wall which provides a large drywipe and magnetic receptive writing area with provision for mounting large screen TV and connecting AV equipment.

- Drywipe and magnetic receptive
- Large double sided working area
- Mobile and repositionable
- AV Ready
- Integrated USB and HDMI ports

The ThinkingWall AV Divider is a double sided mobile whiteboard wall which can be fitted with a large screen TV and connected to a computer, laptop or other AV devices. The screen can be used for presentations and displays or for video conferences by connecting a webcam.

As an adaptable product it is ideal for separating and dividing spaces and both sides can be used at the same time. Teams can gather round the screen side to present work or meet colleagues via video conferencing whilst others work on the large whiteboard on the reverse.

SPECIFICATION

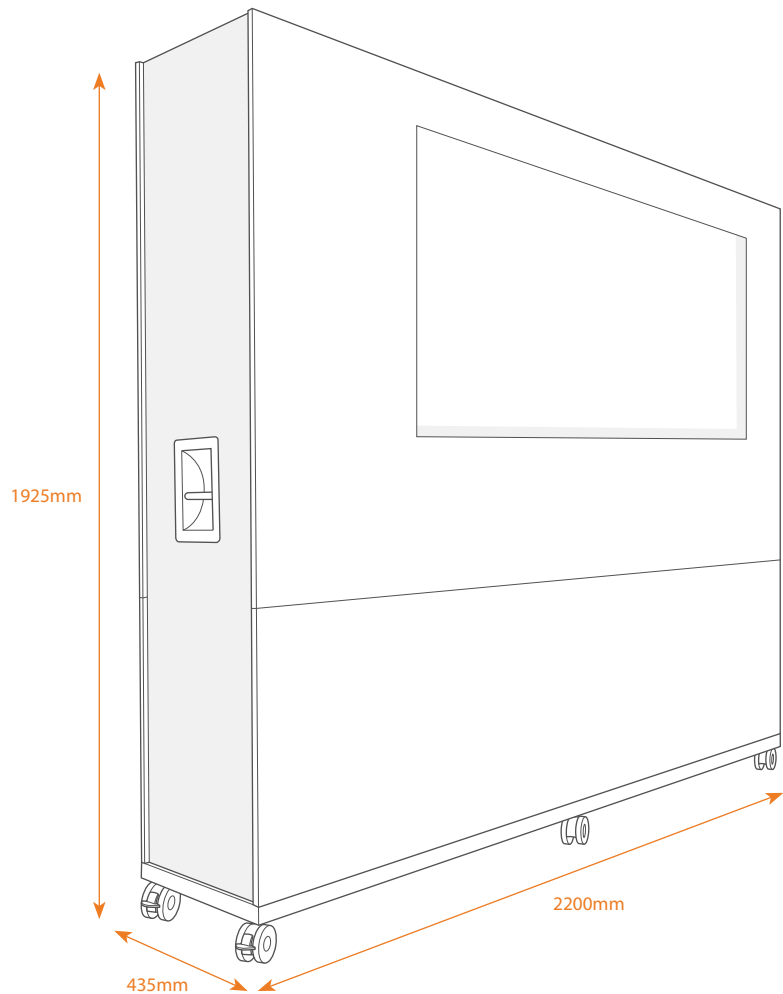

Overall width: 2200mm
Overall height: 1925mm
Overall depth: 400mm

Custom width options available

Set on 6 twin wheel castors with high quality bearings to provide a stable footprint and secure stance.

Features a built in folding shelf and integrated USB, HDMI ports and 3 pin power extension cable for connecting AV equipment.

The stable footprint means there are no feet or extending wheels protruding from the base of the product therefore reducing potential trip hazards.

COLOURS & CUSTOMISATION

The end panels can be made in a wide range of colours and styles. Either matched to CMYK and Pantone references or custom printed with a bespoke design.

Cut out is made to suit the clients chosen screen size. We recommend using screens up to 55 inches.
