

## Freestander

A portable frameless magnetic whiteboard, the ThinkingWall freestander is proving the perfect solution when wall space is in short supply. It delivers the functionality of a traditional whiteboard with a modern and contemporary look.

- Double sided writing area
- Rolls through doors
- Mobile and repositionable
- Magnetic dry wipe surface
- Contemporary frameless design

The double sided writing surface, made from the same high quality material as the wall mounted ThinkingWall, provides a large space ideal for visual thinking and creative planning.

Its mobile nature makes it ideal to move it into place for meetings or to set up as a privacy panel for a temporary desk booth.

The clean, simple base removes the need for frames or legs and the associated trip hazards whilst maximising the available writing space.

## SPECIFICATION

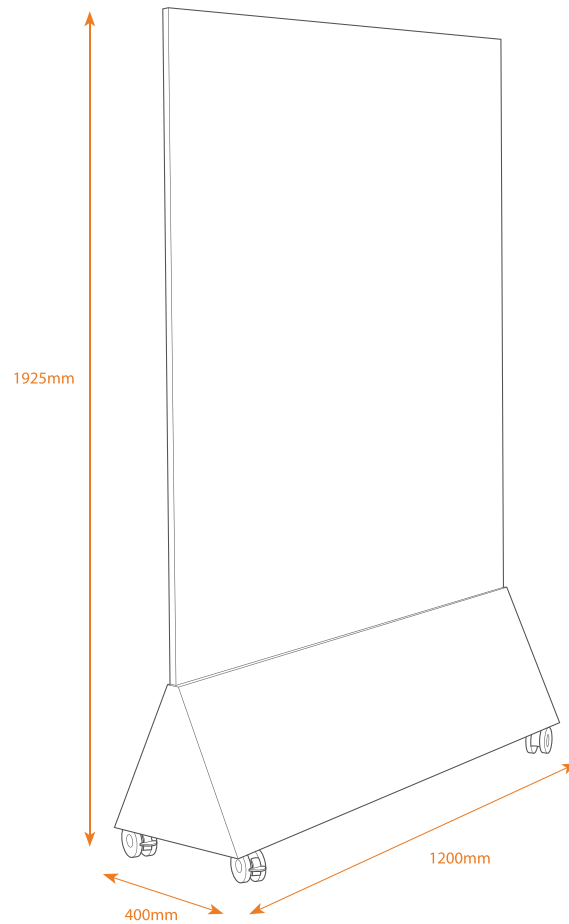

Overall width: 1200mm  
Overall height: 1925mm  
Overall depth: 400mm

Custom width options available

Set on four lockable castors the ThinkingWall freestander is very stable and easy to move.

It has been specifically designed at a height to pass through doors or into passenger lifts without needing to be disassembled.

This makes it ideal for moving between office spaces, floors and meeting rooms helping facilitate collaborative working across a business.

## CUSTOMISATION

Although our products are designed in a range of standard sizes we often customise or adapt to suit a particular space.

The bases can be personalised by adding graphics, logos or branding. They can also be painted to match a particular colour reference.
